New Operating Awards and Activities

SEPTEMBER IS BACK TO SCHOOL TIME! Now is the time to start getting your local club psyched up to be a part of the first Worldwide K7QO Code Course Class. The week of September 10, Chuck Adams, K7QO, will be conducting an 8-week code course to a one of his local clubs using his famous code course CD, and invites other clubs to join in the fun. He will have lesson plans, a practice log book, and instructions for the class leader available for downloading on his web page. He may also do YouTube videos to accompany the lesson plans. His web page will also have a list of the clubs that are participating, so it will give your club some publicity, too. Watch the FISTS page (<http://www.fists.org>) for links to this as it gets closer to August, but start talking it up now so you will be ready to go.
